

# B&W Photography Workshop

---

... a hands-on workshop teaching black and white theory and how it applies to multiple methods, including converting full-color digital images to black and white.

**Presented by Mike Boatman**

**Saturday, October 29**  
**10 am to 2 pm**  
**in the Jefferson Room of the**  
**Ashland House Inn & Conference Center**  
201 East Ashland Street, Morton, IL 61550

The workshop will include:

- Theoretical processes for achieving technically great black and white photographs
- Desaturation and non-desaturation techniques
- Converting, editing and enhancing images using Photoshop and Lightroom
- Printed work-flow handout sheets
- Hands-on practice (Bring your laptop and digital images for processing. Electrical outlets are provided.)

There will be a half-hour break for lunch, during which an informal Q&A time will be held. You are welcome to bring a sack lunch if you would like to be involved in the Q&A session, or you are free to go to any of the nearby restaurants. Cracker Barrel is directly across the street from The Ashland House and there are several fast-food places to choose from.

**Workshop Cost: \$45**  
**Prior registration is required.**  
**Seating is limited to 25 people.**

To register, call Mike Boatman at 309-698-8804 or email [mike@mikeboatman.com](mailto:mike@mikeboatman.com)

## Mike Boatman Biography

Mike is a full-time working commercial photographer having opened up his business in 1979. In addition, for twenty years, Mike owned and operated a custom black and white lab called ***Just B&W***.

***Just B&W*** specialized in commercial black and white prints for the advertising community of Memphis Tennessee, custom archival gallery prints for noted commercial and fine art photographers, as well as custom restoration work to restore heirloom black and white prints.

***Just B&W*** was recognized in the advertising community for outstanding custom black-and-white work and was one of only three test labs in the US for Ilford.
